

Chapter 19

Early Latin America

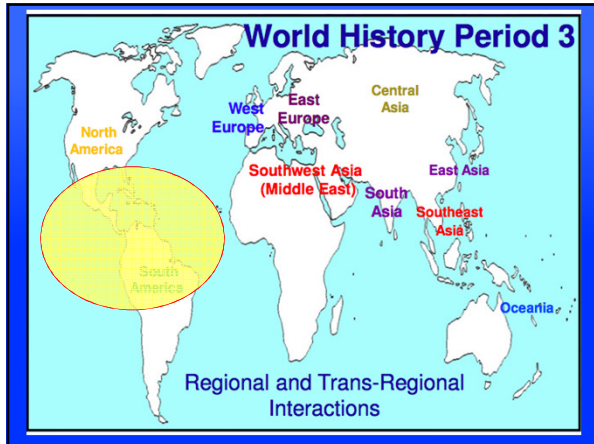

By: Alexandra Bowling, Jessica Dolberg, and Kristen Lemes

How did the European Exchange effect the Americas?

1. Why were the Spanish and Portuguese colonies extensions of the Western global networks?
2. How did Iberian society diffuse to the New World?
3. What was the colonization model used in the Caribbean?
4. How were the Indians exploited in the Americas?
5. What were the similarities and differences between the encomienda system, the hacienda system, and the mita?
6. What was the social hierarchy in the Latin American colonies?
7. What were the main social differences between the Americas and Europe?
